Liberal nationalist virtue; 6. Patriotic deliberation and social criticism; Part III. Institutions: 7. Civic education; 8. Immigration and integration; 9. Conclusion. |
| Sommario/riassunto | What does it mean to be a citizen in a multicultural society? And what role must patriotism play in defining our relationship with our country and fellow citizens? In The Virtuous Citizen Tim Soutphommasane answers these questions with a critical defence of liberal nationalism. Considering a range of contemporary political debates from Europe, |

North America and Australia, over issues including multiculturalism, national history, civic education and immigration, Soutphommasane argues that a love of country should be valued alongside tolerance, mutual respect and public reasonableness as a civic virtue. A liberal form of patriotism, grounded in national identity, is, if anything, essential for political stability in a diverse society. This book is required reading not only for political theorists and philosophers but also for researchers and professionals in political science, sociology, history and public policy.
