Sommario/riassunto	The book is an introduction to key concepts of Indian Philosophy, seen from the perspective of one of its most influential schools, the Prbhkara Mms, which flourished from the 7th until the 20th c. AD. The book includes the critical edition and translation of Rmnujcrya's straprameyapariccheda, which is part of his Tantrarahasya (written in South India, after the 14th c.). This text has never been translated before and it is one of the clearest elaboration of the Prbhkara thought. The book particularly aims at presenting the linguistic, deontic-ethic, hermeneutic and epistemo-logical thought of the Prbhkara Mms. Detailed glossary and indexes make it possible to use the book as a reference-tool for Indian philosophy and

linguistics.
