Sommario/riassunto	The purpose of study of Financial Markets and Services is to converge the various financial services and their marketing plan to have an overall approach in taking finance and investment decisions. In a financial market, sub-markets such as Call Money Market, Treasury Bill Market, CP and DP Market, Discount Market etc. provide specific financial service to avail specific type of fund for running the business of an enterprise. Each aforesaid sub-market has its own specific objective to provide finance for smooth running of the business. All these segments of financial markets are regulated by S
