Sommario/riassunto	This book examines the Hungarian experiment to liberate women from servitude. It provides details on the problems of Hungarian women in employment, in the household, and in the sexual relations and outlines the social policies of the government and the patriarchal culture values in society.

Sommario/riassunto	The pace of space exploration has long been dictated by political motivations. This book helps to explain why this is so in the post-Cold War era. Combining essays, a glossary of terms, tables and statistics, this new title from Routledge comes as a welcome addition to this increasingly popular topic. The book:covers theories and concepts, as well as current issuesgives a background to international and national space agenciescontains essays that cover military, commercial and governmental actors in space politics.
