Sommario/riassunto	How to encourage investigative, discovery play with babies and children aged 0-5. Heuristic Play is a form of exploratory, investigative play that builds a whole range of skills for all children from birth to five. This guide looks at four age groups from birth to five and provides practical activities for setting up heuristic play sessions. Each session comes with expert advice on: - How to set up the session for each age group - The level of adult involvement - How to plan for these act...
