Sommario/riassunto	Crime is recognized as a constant factor within human society, but in the twenty-first century organized crime is emerging as one of the distinctive security threats of the new world order. The more complex, organized and interconnected society becomes, its crime becomes too. This book recognizes that the new century will be defined in part by a struggle between an 'upperworld', defined by increasingly open economic systems and democratic politics, and a transnational,

entrepreneurial, dynamic and richly varied underworld, willing and able to use and distort these trends for i

Postmodernism and Deconstruction; The politics of the absurd; The turn to deconstruction; Pragmatism and postmodernism; Bibliography; Index
Sommario/riassunto	Introduction to Critical Legal Theory provides an accessible

introduction to the study of law and legal theory. It covers all the seminal movements in classical, modern and postmodern legal thought, engaging the reader with the ideas of jurists as diverse as Aristotle, Hobbes and Kant, Marx, Foucault and Dworkin. At the same time, it impresses the interdisciplinary nature of critical legal thought, introducing the reader to the philosophy, the economics and the politics of law. This new edition focuses even more intently upon the narrative aspect of critical legal thinking and
