Sommario/riassunto	This book analyses the planning and policy world of major infrastructure as it is moving now in Europe and the UK. Have some countries managed to generate genuine consensus on how the large changes are progressed? What can we learn from the different ways countries manage these challenges, to inform better spatial planning and more intelligent political steering? Case studies of the key features of policy and planning approaches in France, Germany, the Netherlands, Spain and the UK are at the core of Planning Major Infrastructure. This includes the different regimes introdu
