Sommario/riassunto	For decades the history of the US Military Tribunals at Nuremberg (NMT) has been eclipsed by the first Nuremberg trial-the International Military Tribunal or IMT. The dominant interpretation-neatly summarized in the ubiquitous formula of ""Subsequent Trials""-ignores the unique historical and legal character of the NMT trials, which differed significantly from that of their predecessor. The NMT trials

marked a decisive shift both in terms of analysis of the Third Reich and conceptualization of international criminal law. The first comprehensive examination of the NMT, this volume brings togeth
