Soggetti	Protest movements - Argentina Social movements - Argentina Politics & government Argentina Social conditions 21st century
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (pages 233-249) and index.
Nota di contenuto	A brief history of movements and repression in Argentina -- From rupture to creation: new movements emerge -- Horizontalidad -- New subjectivities and affective politics -- Power and autonomy: against and beyond the state -- Autogestion, territory, and alternative values -- The state rises: incorporation, cooptation, and autonomy -- Measuring success: affective or contentious politics?
Sommario/riassunto	In the wake of the global financial crisis, disparate groups of people are coming together to resist corporate globalization and seek a more positive way forward. But in Argentina such radical transformations have been taking place for years, with workers running factories themselves and people taking over land to build homes and schools. Daring and groundbreaking, Everyday Revolutions tells the story of how ordinary people changed their country and inspired others across the

world.
