Sommario/riassunto

In *The Politics of Affective Relations*, editors Daniel Bell and Hahm Chaihark refine our understanding of the East Asian conception of the self by examining how that conception was formulated, reproduced, and utilized throughout history. By bringing together a collection of articles authored by experts in a variety of academic disciplines, Bell and Hahm scrutinize how the East Asian emphasis on 'relationality' manifests itself in various real-life settings such as the family, the economy, politics, and the legal system. This volume will provide readers with a broader perspective on and a deeper
