Nota di contenuto	Golden rule reasoning -- "Compassion" and related notions -- Compassion as the basis of moral value -- Precepts for avoiding doing harm -- Virtues and moral aspiration -- Will, responsibility and selflessness -- Postscript : joyful living.
Sommario/riassunto	Ethics of Compassion places central themes from Buddhist (primarily) and Christian moral teachings within the conceptual framework of Western normative ethics. What results is a viable alternative ethical theory to those offered by utilitarians, Kantian formalists, proponents of the natural law tradition, and advocates of virtue ethics. Ethics of Compassion bridges Eastern and Western cultures, philosophical ethics and religious moral discourse, and notions of acting rightly and of being virtuous.
