Sommario/riassunto

The Singapore Perspectives series is a yearly publication that provides critical analysis of emerging trends and issues Singapore faces in terms of social, economic and political development. It is a quick and essential reference for understanding the broad policy discussions that animate thought leaders, policy-makers and the public in the country during the immediate period or that are likely to do so in the short and medium term. This edited volume brings together papers presented at the Singapore Perspectives 2012 Conference. The Conference came in the wake of Singapore's General Elections
