Sommario/riassunto	Cinema and Inter-American Relations studies the key role that commercial narrative films have played in the articulation of the political and cultural relationship between the United States and Latin America since the onset of the Good Neighbor policy (1933). Perez Melgosa analyzes the evolution of inter-American narratives in films from across the continent, highlights the social effects of the

technologies used to produce these works, and explores the connections of cinema to successive shifts in hemispheric policy. As a result, Cinema and Inter-American Relations reveal
