Sommario/riassunto	Quality of Life and Public Management explores the possibility for a dramatic and significant improvement in quality of life for all population groups and sub-groups in the UK. Strongly evidence-based, the book draws on case study data and comparisons into local and central government structure, funding, policy, cultures and outcomes from a number of EU countries, such as Denmark, Germany, and Switzerland. It shows that quality of life on a number of important criteria is superior in these other countries than it is in the UK. The book makes a strong argument that it is possible to
