Sommario/riassunto

This landmark volume provides the most comprehensive overview to date of the prehistory and archaeology of the Caddo peoples. The Caddos lived in the Southeastern Woodlands for more than 900 years beginning around A.D. 800-900, before being forced to relocate to Oklahoma in 1859. They left behind a spectacular archaeological record, including the famous Spiro Mound site in Oklahoma as well as many other mound centers, plazas, farmsteads, villages, and cemeteries. The Archaeology of the Caddo examines new advances in studying the history of the Caddo peoples, including
