Sommario/riassunto	Stay up-to-date in health care ministry as cultural and spiritual

heterogeneity increases! Ministry in the Spiritual and Cultural Diversity in Health Care: Increasing the Competency of Chaplains identifies concrete methods for improving the provision of pastoral care to culturally and religiously diverse patients and/or residents. Experts from both inside and outside the profession?with established records in cross-cultural work and experience with religious diversity?discuss in detail the multicultural revolution that has challenged the traditional health care delivery system. With t
