### Sommario/riassunto

Acclaimed investment experts Peter Treadway and Michael Wong explain how to protect your investments-and even profit-from the coming sovereign default crises. A major sovereign default crisis is looming for the so-called developed economies of the world. The result will be a major redistribution of economic wealth and an overhaul of the international financial system on an epic scale. Investing in the Age of Sovereign Defaults: How to Preserve your Wealth in the Coming Crisis explains what lies ahead, and offers invaluable suggestions to help investors avoid massive losses. <
