Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di contenuto	Machine generated contents note: 1. Introduction; 2. Designing the study; 3. Data collection methods; 4. Designing research on style; 5. In the field: finding contacts, finding a place; 6. Recording and record keeping; 7. Giving back to the community.
Sommario/riassunto	Looking for an easy-to-use, practical guide to conducting fieldwork in sociolinguistics? This invaluable textbook will give you the skills and knowledge required for carrying out research projects in 'the field', including: • How to select and enter a community • How to design a research sample • What recording equipment to choose and how to operate it • How to collect, store and manage data • How to interact effectively with participants and communities • What ethical issues you should be aware of. Carefully designed to be of maximum practical use to students and researchers in sociolinguistics, linguistic anthropology and related fields, the book is packed with useful features, including: • Helpful checklists for recording techniques and equipment

specifications • Practical examples taken from classic sociolinguistic studies • Vivid passages in which students recount their own experiences of doing fieldwork in many different parts of the world
