Autore	Paquette Gabriel B. <1977->
Titolo	Imperial Portugal in the age of Atlantic revolutions : the Luso-Brazilian world, c. 1770-1850 / / Gabriel Paquette
Pubbl/distr/stampa	Cambridge : , : Cambridge University Press, , 2013
ISBN	1-107-32693-1 1-107-23718-1 1-107-33261-3 1-107-33669-4 1-107-33337-7 1-107-33503-5 1-299-39992-4 1-107-33586-8 1-139-23719-5
Descrizione fisica	1 online resource (xiv, 450 pages) : digital, PDF file(s)
Classificazione	HIS010000
Disciplina	909/.0971246907
Soggetti	Imperialism - History Revolutions - History Decolonization - History Political culture - Portugal - History Political culture - Brazil - History Portugal Relations Brazil Brazil Relations Portugal Portugal Relations Africa, Portuguese-speaking Africa, Portuguese-speaking Relations Portugal Portugal Colonies History
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction -- 1. The reform of empire in the late eighteenth century -- From foreign invasion to imperial disintegration -- 3. Decolonization's progeny: restoration, disaggregation, and recalibration -- 4. The last Atlantic revolution: emigrados, Miguelists,

and the Portuguese Civil War -- 5. After Brazil, after civil war: the origins of Portugal's African empire -- Conclusion: The long shadow of empire in the Luso-Atlantic world.

**Sommario/riassunto**

As the British, French and Spanish Atlantic empires were torn apart in the Age of Revolutions, Portugal steadily pursued reforms to tie its American, African and European territories more closely together. Eventually, after a period of revival and prosperity, the Luso-Brazilian world also succumbed to revolution, which ultimately resulted in Brazil's independence from Portugal. The first of its kind in the English language to examine the Portuguese Atlantic World in the period from 1750 to 1850, this book reveals that despite formal separation, the links and relationships that survived the demise of empire entwined the historical trajectories of Portugal and Brazil even more tightly than before. From constitutionalism to economic policy to the problem of slavery, Portuguese and Brazilian statesmen and political writers laboured under the long shadow of empire as they sought to begin anew and forge stable post-imperial orders on both sides of the Atlantic.

Chapter 1. Differentiable Manifolds -- Chapter 2. Tangent Spaces -- Chapter 3. Multivariable Differential Calculus -- Chapter 4. Topological Properties of Smooth Manifolds -- Chapter 5. Immersions, Submersions, and Embeddings -- Chapter 6. Sard's Theorem -- Chapter 7. Whitney Embedding Theorem -- Bibliography.

This book offers an introduction to the theory of smooth manifolds, helping students to familiarize themselves with the tools they will need for mathematical research on smooth manifolds and differential geometry. The book primarily focuses on topics concerning differential manifolds, tangent spaces, multivariable differential calculus, topological properties of smooth manifolds, embedded submanifolds, Sard's theorem and Whitney embedding theorem. It is clearly structured, amply illustrated and includes solved examples for all concepts discussed. Several difficult theorems have been broken into many lemmas and notes (equivalent to sub-lemmas) to enhance the readability of the book. Further, once a concept has been introduced, it reoccurs throughout the book to ensure comprehension. Rank theorem, a vital aspect of smooth manifolds theory, occurs in many manifestations, including rank theorem for Euclidean space and global rank theorem. Though primarily intended for graduate students of mathematics, the book will also prove useful for researchers. The prerequisites for this text have intentionally been kept to a minimum so that undergraduate students can also benefit from it. It is a cherished conviction that "mathematical proofs are the core of all mathematical joy," a standpoint this book vividly reflects.
