Soggetti	Democracy - Philosophy Political science - Decision making Comparative government
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Machine generated contents note: 1. Introduction: realism and democracy; 2. Reason of state and two dimensions of realism; 3. From the Sophists to Aristotle: institutions lie; 4. From Aristotle to Machiavelli: democracy bites; 5. From Machiavelli to the Puritans: fire fights fire; 6. From the Puritans to the Populists: money never sleeps; 7. Conclusion: power and paradoxes.
Sommario/riassunto	The theory of statecraft explores practical politics through the strategies and manoeuvres of privileged agents, whereas the theory of democracy dwells among abstract and lofty ideals. Can these two ways of thinking somehow be reconciled and combined? Or is statecraft destined to remain the preserve of powerful elites, leaving democracy to ineffectual idealists? J. S. Maloy demonstrates that the Western tradition of statecraft, usually considered the tool of tyrants and

oligarchs, has in fact been integral to the development of democratic thought. Five case studies of political debate, ranging from ancient Greece to the late nineteenth-century United States, illustrate how democratic ideas can be relevant to the real world of politics instead of reinforcing the idealistic delusions of conventional wisdom and academic theory alike. The tradition highlighted by these cases still offers resources for reconstructing our idea of popular government in a realistic spirit - skeptical, pragmatic, and relentlessly focused on power.
