Sommario/riassunto

This collection offers a new reflection on rape in war time through 15 case studies, ranging from Greece to Nigeria. It questions the specificity of rape as a universal transgression, its place in memories of war, its legacies, including children born from rape, and the challenge of writing about intimate violence as both a scientist and a human.

2. Record Nr.	UNINA9910593300203321
