Sommario/riassunto	This book analyses the root causes of suicide terrorism at both the elite and rank-and- file levels of the Hamas and also explains why this tactic has disappeared in the post-2006 period. This volume adopts a multi-causal, multi-level approach to analyse the use of suicide bombings by Hamas and its individual operatives in the Israeli-Palestinian conflict. It uses extensive fieldwork and on-the-ground interviews in order to delve beneath the surface and understand why and how suicide operations were adopted as a sustained mechanism of engagement within the Israeli-Palestinian c
