Note generali	This volume owes its origins to the workshop 'Colonial anthropology in East and South-East Asia: a comparative view' which met in 1995 on 18-20 May in the Centre for Japanese and Korean Studies in the University of Leiden in the Netherlands--P. xi. Reprinted 2000.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	pt. 1. Anthropology in colonial contexts : historical and comparative perspectives -- pt. 2. Japanese anthropology in colonial contexts : East Asia, South-East Asia and Oceania -- pt. 3. Dutch anthropology in colonial contexts : South-East Asia.
Sommario/riassunto	For a time it was almost a cliché to say that anthropology was a handmaiden of colonialism - by which was usually meant 'Western' colonialism. And this insinuation was assumed to somehow weaken the theoretical claims of anthropology and its fieldwork achievements. What this collection demonstrates is that colonialism was not only a Western

phenomenon, but 'Eastern' as well. And that Japanese or Chinese anthropologists were also engaged in studying subject peoples. But wherever they were and whoever they were anthropologists always had a complex and problematic relationship with the colon
