Sommario/riassunto

Edited by leading relational frame theory (RFT) scholars, Simon Dymond, PhD, and Bryan Roche, PhD, *Advances in Relational Frame Theory* presents advances in all aspects of RFT research over the last decade, and provides mental health professionals a greater understanding of the core principals of acceptance and commitment therapy (ACT). A must-read for anyone interested in ACT, the book contains chapters written by Steven C. Hayes and Kelly Wilson, both research-active experts from the RFT community around the world.
