Sommario/riassunto	In recent years, prosodic competence has become increasingly important in second language acquisition studies, as it is a crucial element in the identification of non-native pronunciation and message understanding. This volume is the first attempt to provide a survey of interlanguage prosody research in L2 Italian. It begins with an overview of the possible approaches to the study of rhythmic-prosodic skills acquisition in an L2. The second part of the book emphasizes the relationship between...
