The Spiritual Exercises by Jesuits and by Women: Two Case Studies and their Context Conclusion: Contexts and Challenges for Jesuit Obedience Both within and Outside the SocietyBibliography; Index
Sommario/riassunto	The Society of Jesus was founded on a principal of strict obedience to papal authority, yet the turbulent political circumstances in which they operated inevitably brought them into conflict with the Catholic hierarchy. In order to better understand and contextualise the concept of obedience from a theological and practical perspective, this book examines the Jesuits of south-western Europe during the thirty-year generalate of Claudio Acquaviva (1581-1615), a challenging time for the Jesuits, during which their very system of government was called

into doubt.
