Sommario/riassunto	Keep up with management issues in the rapidly changing Islamic business world! Islam and Business: Cross-Cultural and Cross-National Perspectives reviews important changes, cross-cultural differences, and

management issues in the turbulent Islamic business environment. With the shift from government ownership of companies and commodities toward more open markets and the product/service diversification that this change brings, the need to understand how business is done in these countries is more vital than ever before. The research in this book will help you understand the impact of W
