Moral Vision and Impaired Insight: Or the Imagining of Other Peoples' Communities in Bosnia / Robert M. Hayden -- 16. From EUphoria to EU-goslavia / Robert M. Hayden -- Index / Robert M. Hayden.

Sommario/riassunto

This book brings together important original contributions to scholarly and political/policy debates over the disintegration of Yugoslavia, and especially the war in Bosnia. The analyses are grounded on empirically-based arguments about social and political dynamics, resonate with much larger/enduring issues of social science inquiry, and consistently challenge commonly-held beliefs about the Balkans that are based more on ignorance, misunderstanding, or outright prejudice, than on intimate knowledge of the region, its peoples, and their histories. When first published, some of these essays represented sharply distinctive analyses which have since then become "common wisdom." Hayden's arguments about how this multinational European federation collapsed following a severe economic crisis are disturbingly relevant to analyzing the crisis of the European Union twenty years later.
