	Sommario/riassunto	Since the formation of the UN in 1945 the international community has witnessed a number of violent self-determination conflicts such as the disintegration of Yugoslavia, Chechnya, Kashmir, and South Sudan that have been a major cause of humanitarian crises and destruction. This book examines the scope and applicability of political self-determination beyond the decolonisation process.Explaining the historical evolution of self-determination, this book provides a theoretical examination of the concept and background.
