Concluding remarks;
Appendices; 1 Russian Federation parliamentary and presidential
election results, 1993 to 2012; 2 Russian Federation's international
alliances, associations, and organizations; Index

Sommario/riassunto

This book provides an overview of the state of Russia after the 2012 presidential election. It considers a wide range of both domestic and international issues, examining both the run up to and the consequences of the election. It covers political, economic, and social topics. It assesses the political scene both before and after the election, and discusses the nature of and likely future of democracy in Russia. The election's impact on the Russian economy is discussed in detail, as are Russia's relationships with the United States, the European Union, and other parts of the world.
