## Sommario/riassunto

This textbook provides first-hand, inside accounts of the process of doing research in organizations. It is intended both for students of research methods in sociology and social psychology, and for students of organization studies, organizational behaviour and management. The contributors tackle such problems as: gaining access to organizations, 'getting on' in organizations, quantitative and qualitative styles of investigation, the use of historical materials, the effects of resources on the context of research, the part played by political factors in organizational research, the relevanc

|    | Sommario/riassunto      | Los conflictos y los malos entendidos son inevitables y pueden producir una brecha permanente en las relaciones. Por otro lado, resolver un problema suele exigir confrontaci n, y muchos de nosotros evitamos el |

conflicto a toda costa. Y si nos enfrentamos a l, a menudo lo hacemos de forma torpe e ineficaz. Deborah Smith Pegues muestra claramente cmo la confrontaci n, cuando se lleva a cabo bien, puede ser una herramienta poderosa a la hora de arreglar las relaciones deterioradas y para el crecimiento personal. Deborah Smith Pegues draws on God's Word, personal experience, and research to show how to approach difficult situations so relationships are strengthened not broken. Meeting face-to-face to resolve an issue is difficult, but Pegues makes it easier by revealing how to avoid complications, sharing examples of good communication, and offering specific steps for dealing with conflicts.
