Sommario/riassunto	Written by a survivor of mind control and ritual abuse who is also a therapist, this memoir exposes the existence and practices of organized criminal groups who abuse children, helps survivors of those abuses, and provides important information for professionals about the dissociative brain. The author's poetic prose contrasts with the horror of the subject matter. The adult journeys back to give voice to infant and child parts of her, describing her handlers' early interventions to destroy bonding and create dissociation, the foundation of reverse-Kabbalah suicide and pathway programming, a
