Sommario/riassunto	This is the authoritative guide in the field of military mental health. It brings together the field's top experts to provide concise and targeted reviews of the most salient aspects of military mental health and present the material in an easily digestible manner. It covers important topics, including military culture, working with Special Operations Forces, professional issues and ethical challenges, women in combat, posttraumatic stress, anxiety and sleep disorders, psychologists' involvement in interrogations, and how to build and sustain a resilient Force.
