Sommario/riassunto	This book is the outcome of an international conference held in the Department of Economics, Burdwan University, in 2013. The major part of the conference had been related to development, environment and livelihood issues which are also in some way linked to the theme of the ongoing DRS project in the Department, pertaining to issues on rural livelihood. The achievement of higher economic growth is one of the principal objectives of current government policies, and involves intensive resourc...
