Talking like a pirate; 5. Real world; 6. Doing violence with impunity; 7. Respecting relations; 8. Things full of meaning; 9. Purity and pilgrimages; 10. Enchantment and emplacement; 11. Christians do religion like other people; 12. Religion is etiquette in the real world; Bibliography; Index
Sommario/riassunto	Religion is more than a matter of worshipping a deity or spirit. For many people, religion pervades every part of their lives and is not separated off into some purely private and personal realm. Religion is integral to many people's relationship with the wider world, an aspect of their dwelling among other beings - both human and other-than-human - and something manifested in the everyday world of eating food, having sex and fearing strangers. ""Food, Sex and Strangers"" offers alternative ways of thinking about what religion involves and how we might better understand it. Drawing on studies

Sykes, MI5 and the 'Carl Otten Group' / Richard Dove -- Contributors -- Index.
Sommario/riassunto	Political Exile and Exile Politics in Britain after 1933 brings together a

number of scholarly essays that shed light on a hitherto neglected aspect of the experience of German and Austrian refugees in Britain – their political activities in their country of refuge and how these were viewed (and used) by the British government and its Secret Service. This volume does not claim to be exhaustive. However, it offers a range of case studies on various issues concerning political exile and the possibility of the continuation of political engagement in exile, even in the internment camps. Most of the contributions in this volume are based on archival material that has never been used before possibly because, like the MI5 files on Karl Otten which have only recently been declassified, researchers have not been able to access them. Predictably, the majority of these essays show the political activities of men. The efforts of women which constitute the focus of three contributions therefore are all the more noteworthy.
