Alex Stepick and Marcos Feldman -- How Cubans transformed Florida
politics and gained national influence / Susan Eckstein.

Sommario/riassunto

"Commemorating Juan Ponce de Leon's landfall on the Atlantic coast of Florida, this ambitious volume explores five centuries of Hispanic presence in the New World peninsula, reflecting on the breadth and depth of encounters between the different lands and cultures. The contributors, leading experts in a range of fields, begin with an examination of the first and second Spanish periods. This was a time when La Florida was an elusive possession that the Spaniards were never able to completely secure; but Spanish influence would nonetheless leave an indelible mark on the land. In the second half of this volume, the essays highlight the Hispanic cultural legacy, politics, and history of modern Florida and expand on Florida's role as a modern transatlantic cross roads." -- Publisher's description.
