Sommario/riassunto

This book contains the guidelines adopted by the Conference of the Parties. These seven guidelines cover a wide range of provisions of the WHO Framework Convention on Tobacco Control such as: the protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry; protection from exposure to tobacco smoke; packaging and labelling of tobacco products; and tobacco advertising promotion and sponsorship; and demand reduction measures concerning tobacco dependence and cessation. These guidelines are intended to help Parties to meet
