| Sommario/riassunto      | The quest for a broader reform of the current political regime and for<br>equitable redistribution of Angola's wealth constitutes the most<br>surmountable challenge this country faces since the end of civil war in<br>2002. State power has become a personalized affair to the extent of<br>perpetuating an entrenched, centralised and overly bureaucratic  |

1.

| structure of governance. To understand these dynamics, this book    |
|---|
| explores the role of the 'public' in post-war Angolan politics. The |
| reality mimics the acti   |
