Sommario/riassunto	Double-decker buses, bowler hats, and cricket may be synonymous with British culture, but when it comes to their cuisine, nothing comes to mind faster than fish and chips. Sprinkled with salt and vinegar and often accompanied by mushy peas, fish and chips were the original British fast food. In this innovative book, Panikos Panayi unwraps the history of Britain's most popular takeout, relating a story that brings up complicated issues of class, identity, and development. Investigating the origins of eating fish and potatoes in Britain, Panayi describes the birth of the meal itself, t

Sommario/riassunto	This e-book starts with a comprehensive overview of the basic principles in Electrocardiography (ECG) with just enough depth to lift the reader above the crowd when it comes to understanding the physics behind ECG. Subsequent chapters provide an approach to the analysis of the ECG followed by sections with insight into conduction abnormalities, arrhythmia, and myocardial ischemia.
