

1. Record Nr.	UNINA9910787306003321
Autore	Roy Callista
Titolo	Generating middle range theory : from evidence to practice // Callista Roy with the Roy Adaptation Association
Pubbl/distr/stampa	New York : , : Springer Publishing Company, , [2014] ©2014
ISBN	0-8261-1005-3
Descrizione fisica	1 online resource (403 p.)
Disciplina	610.7301
Soggetti	Nursing models Nursing - Methodology Adaptation (Physiology) Adjustment (Psychology) Nursing - Research - Methodology Nursing - Philosophy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Overview of processes for creating knowledge for practice / Callista Roy -- Processes for description and critical analysis of research / Callista Roy -- Qualitative studies / Martha Whetsell and Kathy Lauchner -- Quantitative studies/descriptive designs / Kathy Lauchner and Martha Whetsell -- Quantitative studies/explaining, predicting, and prescribing designs / Martha Whetsell and Kathy Lauchner -- Quantitative studies/intervention designs / Kathy Lauchner and Martha Whetsell -- Synthesis of middle range theory of coping / Callista Roy -- Synthesis of middle range theory of adapting to life events / Callista Roy -- Synthesis of middle range theories of adapting to loss / Marjorie Dobratz -- Synthesis of middle range theories of adapting to chronic health conditions / Ellen Buckner and Susan Hayden -- Synthesis of middle range theories of the adapting family / Susan Hayden and Ellen Buckner -- Evidence-based practice based on the levels of readiness for practice / Carolyn Padovano -- Review of Roy adaptation model-based research globally / Martha Whetsell, Anne Harrington and Callista Roy.

Sommario/riassunto

Callista Roy, one of nursing's leading theorists and creator of the widely used Roy Adaptation Model of Nursing, presents a unique pathway for developing knowledge for nursing practice. Her book distills the most relevant information from 200 published research studies to provide a roadmap for progressing from nursing research to middle-range theory to optimum practice regimens. It is based on tested knowledge, clear evidence, and refined caring perspectives. Step by step, the text identifies and critiques research suited for developing cumulative knowledge for practice and uses the research t
