Note generali	Originally published 2008.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Frontmatter -- Contents -- Preface -- I. Exposition -- Chapter One. Varieties Of Skepticism -- Chapter Two. "Veil of Perception" Skepticism -- Chapter Three. Skepticism and Metaphysics (A Puzzle) -- Chapter Four. Kant's Pyrrhonian Crisis -- Chapter Five. Humean Skepticism -- Chapter Six. Kant's Reformed Metaphysics -- Chapter Seven. Defenses against Humean Skepticism -- Chapter Eight. Defenses Against Pyrrhonian Skepticism -- II. Critical Assessment -- Chapter Nine. Some Relatively Easy Problems -- Chapter Ten. A Metaphysics of Morals? -- Chapter Eleven. Failures of Self-Reflection -- Chapter Twelve. The Pyrrhonist's Revenge -- Notes -- Index
Sommario/riassunto	This book puts forward a much-needed reappraisal of Immanuel Kant's conception of and response to skepticism, as set forth principally in the Critique of Pure Reason. It is widely recognized that Kant's theoretical philosophy aims to answer skepticism and reform metaphysics-- Michael Forster makes the controversial argument that those aims are closely linked. He distinguishes among three types of skepticism: "veil of perception" skepticism, which concerns the external world; Humean skepticism, which concerns the existence of a priori concepts and synthetic a priori knowledge; and Pyrrhonian skepticism, which concerns the equal balance of opposing arguments. Forster overturns conventional views by showing how the first of these types was of little

importance for Kant, but how the second and third held very special importance for him, namely because of their bearing on the fate of metaphysics. He argues that Kant undertook his reform of metaphysics primarily in order to render it defensible against these types of skepticism. Finally, in a critical appraisal of Kant's project, Forster argues that, despite its strengths, it ultimately fails, for reasons that carry interesting broader philosophical lessons. These reasons include inadequate self-reflection and an underestimation of the resources of Pyrrhonian skepticism.

2. Record Nr.	UNINA9910787325203321
Titolo	New challenges for the EU internal security strategy [[electronic resource]] / edited by Maria O'Neill, Ken Swinton and Aaron Winter

Sommario/riassunto	In recent years, the EU and its member states have experienced a number of changes, as well as challenges, in the areas of politics, economics, security and law. As these areas are interconnected,

changes and challenges to any of them have implications for the others, as well as implications for the populations and institutions of the EU or those coming into contact with its international power and influence. This edited collection focuses primarily on security and law, particularly the EU's internal security strategy. The EU's Internal Security Strategy, adopted by the Spanish presidency earl
