Sommario/riassunto	"Between Renaissance and Baroque is a stunning achievement - the first book to be written about the original painting commissions of the Jesuits in Rome. Offering a uniquely comprehensive and comparative analysis of the paintings and stuccoes which adorned all of the Jesuit foundations in the city during their first half century of existence, the study treats some of the most crucial monuments of late Renaissance painting including the original decorations of the church of the Gesu and the Collegio Romano, and the martyrdom frescoes at S. Stefano Rotondo."--Jacket
