Health -- chapter 14. Housing -- chapter 15. Income -- chapter 16. Labor force -- chapter 17. Living arrangements -- chapter 18. Population -- chapter 19. Spending -- chapter 20. Time use.
Sommario/riassunto	The sixth edition of The Millennials: Americans Born 1977 to 1994 is two books in one: it provides a demographic and socioeconomic profile of the Millennial generation, which spanned the ages of 20 to 37 in 2014, and it includes a special supplement on the iGeneration-the population under age 20. The Millennial generation numbers 78 million and accounts for 25 percent of the total population-larger than the Baby-Boom's share. The iGeneration numbers 62 million and is another 20 percent of the population.
