Sommario/riassunto	This book is a selection of the papers presented at the International Symposium on the History of the Hebrew Language on 16-17 October 2012. The selection constitutes seven Israeli and two Turkish speakers. The subjects were chosen according to historical periods and contemporary relevance. As regards the ancient period, the contributors discuss the language of the Bible and the Mishnah, as well as that of the Dead Sea Scrolls, which provide an additional insight into what kind of Hebrew was.
