Sommario/riassunto	Land Between the Lakes Recreation Area lies in western Kentucky and Tennessee, between two huge lakes formed by dams on the Tennessee and Cumberland rivers. Some 170,000 acres bounded by 300 miles of shoreline, Land Between the Lakes is blessed with a rich variety of plant and animal life. Conceived and administrated by the Tennessee Valley Authority, it is a unique recreational experiment which has drawn admiring visitors from around the world. Frank E. Smith, director of TVA, tells the story of the transformation of submarginal land into a large-scale, multiple-use recreation facility.
