Description based upon print version of record.

Frontmatter -- Contents -- Acknowledgments -- Note on Romanization -- Part I. Setting -- Part 2. Family as Company, Company as Family -- Part 3. Gender and Work Identities -- Notes -- References -- Index

Sommario/riassunto

"The ethnography of Japan is currently being reshaped by a new generation of Japanologists, and the present work certainly deserves a

place in this body of literature. . . . The combination of utility with beauty makes Kondo's book required reading, for those with an interest not only in Japan but also in reflexive anthropology, women's studies, field methods, the anthropology of work, social psychology, Asian Americans, and even modern literature."-Paul H. Noguchi, American Anthropologist "Kondo's work is significant because she goes beyond disharmony, insisting on complexity. Kondo shows that inequalities are not simply oppressive-they are meaningful ways to establish identities."-Nancy Rosenberger, Journal of Asian Studies
