Note generali	An imitation of vicomte de Guillerague's Five love-letters from a nun. The latter, erroneously attributed to Mariana Alcoforado, was supposedly written to Noël Bouton, marquis de Chamilly. Caption title on p. 1: The answers of the Chevalier Del. To the letters of gallantry, from a nun in Portugal. With an advertisement printed on the verso of final leaf. Wing (CD-ROM edition) reports date of publication as: 1700[01]. Identified as Wing C1924A, reel 2347, of the UMI microfilm set "Early English books 1641-1700". Reproduction of original in the Newberry Library. Identified by ESTC as Wing (CD-ROM, 1996) F1111A.

Endovascular therapy for peripheral vascular disease; 6. Surgical approaches in peripheral vascular disease; Index
Sommario/riassunto	Peripheral vascular disease (PVD) is a serious medical problem and an indicator of systemic atherosclerosis. The importance of PVD is often underestimated, especially in relation to coronary and cerebrovascular disease. This book of six chapters brings together international experts to provide an overview of PVD, including epidemiology, risk factors and prognosis, diagnosis and imaging, conservative therapy as well as endovascular and surgical revascularization.
