

1. Record Nr.	UNINA9910787604503321
Titolo	Driving desired futures : turning design thinking into real innovation / / Michael Shamiyeh and DOM Research Laboratory (ed.)
Pubbl/distr/stampa	Basel : , : Birkhauser, , [2014] ©2014
ISBN	3-03821-284-9
Descrizione fisica	1 online resource (424 p.)
Classificazione	LH 79580
Altri autori (Persone)	ShamiyehMichael
Disciplina	650
Soggetti	Architecture, Modern Architecture, Domestic - History - 20th century Architecture, Domestic - History - 21st century
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Frontmatter -- Table of Contents -- Foreword / Shamiyeh, Michael -- Contributors -- The Emergence of The New (What) -- Introduction / Shamiyeh, Michael -- Disruptive Innovation at the Eastman Kodak Company (Part I) / Sasson, Steven / Shamiyeh, Michael -- Reality and Actuality / Roth, Gerhard -- The Social Construction of Reality / Searle, John R. -- A Model of Plausibility / Connell, Louise / Keane, Mark T. -- Media - The Everyday Tools of Reality Construction / Schmidt, Siegfried J. -- Plans and the Future: Designing the Unpredictable / Esposito, Elena -- Innovation as Processes of Social Construction (How) -- Introduction / Shamiyeh, Michael -- Disruptive Innovation at the Eastman Kodak Company (Part II) / Sasson, Steven / Shamiyeh, Michael -- A Few Things Every Entrepreneur Should Know About Communication / Heller, Cheryl -- What is Conversation? How Can We Design for Effective Conversation? / Pangaro, Paul / Dubberly, Hugh -- Knowledge Creation and Social Networks in Corporate Entrepreneurship: The Renewal of Organizational Capability / Floyd, Steven W. / Wooldridge, Bill -- Imagining and Rationalizing Opportunities: Inductive Reasoning and the Creation And Justification of New Ventures / Cornelissen, Joep P. / Clarke, Jean S. -- Strategy and Use of Metaphor / Oetinger, Bolko von -- Organizing and the Process of Sensemaking / Weick, Karl E. / Sutcliffe, Kathleen M. / Obstfeld,

David -- Innovation and Organizational Roles (Who) -- Introduction / Shamiyeh, Michael -- Disruptive Innovation at the Eastman Kodak Company (Part III) / Sasson, Steven / Shamiyeh, Michael -- Reflections on Innovation Processes in Organizations / Bullen, Andrew -- The A.C. I.M.- Agenda: Adaptation- Creativity- Innovation- Management Quadruple as a New Resource / Faßler, Manfred -- Innovation Networks / Ahrweiler, Petra / Keane, Mark T. -- Strategizing Throughout the Organization: Managing Role Conflict in Strategic Renewal / Floyd, Steven W. / Lane, Peter J. -- Selling Issues to Top Management / Dutton, Jane E. / Ashford, Susan J. -- Oxymoron Organizational Innovation (Where) -- Introduction / Shamiyeh, Michael -- Disruptive Innovation at the Eastman Kodak Company (Part IV) / Sasson, Steven / Shamiyeh, Michael -- The Art of Innovation: Managing the Future of Organizations / Zillner, Sonja / Krusche, Bernhard -- Capabilities, Cognition, and Inertia: Evidence From Digital Imaging / Tripsas, Mary / Gavetti, Giovanni -- Notes on the Role of Leadership & Language in Regenerating Organizations / Dubberly, Hugh / Esmonde, Peter / Geoghegan, Michael / Pangaro, Paul -- Afterword -- New Mindsets, or: What can Change Managers Learn from Architects? / Eppler, Martin J. / Shamiyeh, Michael -- Backmatter

Sommario/riassunto

Headed by the slogan "Design Thinking," a debate has unfolded over the last ten years about design methods, which goes far beyond the specialist boundaries of design disciplines. Executives and business owners today recognize the potential for economic innovation lying in the creative and analytical mindset of designers. The extensive literature available on "Design Thinking" focuses on the methodology of the design process, while the conditions necessary to spark innovation processes in the first place, have long remained more or less unnoticed. *Driving Desired Futures* starts here and asks how established innovations arise from a simple idea. What criteria are mostly likely to be the basis from which the ideas of an individual can take hold in a social system? What are conditions, under which they can become incorporated into a diverse group of people? What topics induce managers to choose and then to invest in a specific idea? Questions such as these are pursued in international contributions by renowned experts, using the first digital camera as a case study. They identify the individual and social processes associated with the exchange and implementation of new ideas.

Unter dem Schlagwort "Design Thinking" ist in den letzten zehn Jahren eine Debatte über die Methoden im Design entfacht, die über die fachlichen Grenzen der Design-Disziplinen weit hinausgeht. Führungskräfte und Unternehmer erkennen heute das Potenzial für Wirtschaftsinnovationen, das in der kreativ-analytischen Denkweise von Designern steckt. Die umfangreiche Literatur über "Design Thinking" konzentriert sich dabei auf die Methodik des Designprozesses. Die Voraussetzungen, die Innovationsprozesse überhaupt erst in Gang setzen, bleiben bislang weitgehend unbeachtet. *Driving Desired Futures* setzt hier an und fragt, wie aus Ideen etablierte Innovationen entstehen: Nach welchen Kriterien setzen sich Ideen Einzelner in einem sozialen System durch? Unter welchen Bedingungen finden sie Eingang in eine heterogene Gruppe von Menschen? Welche Themen veranlassen Manager, sich für eine Idee zu entscheiden und dafür bestimmte Ressourcen freizumachen? Am Fallbeispiel der ersten Digitalkamera gehen die internationalen Beiträge renommierter Experten diesen Fragen auf den Grund und identifizieren die individuellen und gesellschaftlichen Prozesse, die mit dem Austausch und der Durchsetzung neuer Ideen einhergehen.
