An Introduction to the Visual and Material Culture of New York City Jews, 1840 – 1920 -- NOTES -- BIBLIOGRAPHY -- INDEX -- ABOUT THE AUTHORS
Sommario/riassunto	Describes New York's transformation into a Jewish city Emerging Metropolis tells the story of New York's emergence as the greatest Jewish city of all time. It explores the Central European and East European Jews' encounter with New York City, tracing immigrants' economic, social, religious, political, and cultural adaptation between 1840 and 1920. This meticulously researched volume shows how Jews wove their ambitions and aspirations—for freedom, security, and

material prosperity—into the very fabric and physical landscape of the city.
