Sommario/riassunto

This book focuses on the reality of China's modern judiciary, systematically demonstrating and discussing the judicial philosophy

and judicial ethics as applied by Chinese courts and judges. In order to illustrate the methods of jurisprudence and sociology of law in the context of China's judicial practice and practicability of applicable laws, it also addresses judicial methodology and Chinese judges' trial methods. Based on comparative study and aiming at global judicial reform, the book provides valuable guidance and insights for readers pursuing a detailed understanding of modern Chinese judiciary, Chinese judges and Chinese rule of law. The book is intended to primarily serve the need of legal professionals around the world, in particular those who are interested in China's judicial system.
